City Stamped Plan_Rough opening plan (Flattened)

Project Address: City of Puyallup Library

Hello Ray,

Referring to your Building review notes:

- 1) Discrepancy:
 - a) Please replace the following pages with the new and final location for the rough opening of the lockers in the Puyallup Library project.
 - i) Page 4 of this document replaces page 2 of the City Stamped Plan_Rough opening plan (Flattened)
 - ii) Page 5 of this document replaces pages 3 and 5 of the stamped plan
 - iii) Remove page 4 of the stamped plan in its entirety (they were field notes and should not have been included)
- 2) Final Location- See new page 2
- 3) Welding WABO- We have a WABO welder on-staff- a copy of his WABO card will be provided to the inspector and engineer of record

LAMB will need flexibility to adjust the opening +/- a couple of inches left or right and up or down to accommodate the exterior elevation 2'-0"+ dimension. There is obviously a height restriction due to the beam.

April 13, 2023

The City has completed the review of the above-mentioned permit submittal. All of your review comments, conditions, and redlined plans can be found on the [City's permit portal](#). Redlined plans can be found on the City's Permit Portal in the "Reviews" section under "Documents Returned for Corrections". Below please find the permit submittal review comments from your review team and re-submittal instructions. Should you have any questions regarding the review comments, please contact the plan reviewer associated with the comment listed below.

Re-submittal Instructions

To resubmit, you must address all comments and complete and submit the [resubmittal form](#) and a letter of transmittal. Letter of transmittal must be submitted to the 'resubmittal form' item listed in the submittal items list. Avoid using "upload additional docs" unless there is NO submittal item available for your document. Please Note: If you do not resubmit as instructed your re-submittal will be rejected. If you have any questions about how to resubmit, please contact the permit center.

- 1 Log in to your permits portal and navigate to the status page for this permit under the "My Items" tab by selecting the "Upload Submittals" button under the permit number.
- 2 For each submittal item listed re-submit a new version of the submittal item by clicking the "New Version" button next to the file name of the original file submitted. DO NOT click the 'browse' button unless the document you are submitting for that submittal item is not a new version of the originally submitted document. Click 'Upload Documents' at bottom of the page.
- 3 If any re-submittal fees have been assessed, you will need to pay your resubmittal fee at the time of resubmittal. Your resubmittal will not be processed until the fee has been paid.
