On this day we have inspected your construction for **Comment Engineering Div Inspection** and we find the following result of the inspection. If there are any questions, please contact the inspector below.

Comments: Note: Comcast, JB0001481240, it is very important that the field crew has the City approved TCP. This TCP has very important comments. The comments are very colorful and easy to read.

Tonight, the field crew DID NOT have the city approved TCP on site. This has occurred on multiple projects in the past!

If this happens again there will be an added inspection fee of 130\$ AND the crew WILL NOT be allowed to work!

Thank you for your cooperation from here on out.
