Subject: Application PRCTI20231407

To whom it may concern,

My name is Linda Lian and I am reviewing application PRCTI20231407 for the engineering division. I am emailing to let you know that NIER report was not submitted with the application. Please know that this is a requirement for all new antennas placed within the City of Puyallup.

I will have to fail my review of you application until the NIER report has been submitted, reviewed and approved. This will not stop the review of your application by the other divisions. It will stop the permit from being issued though.

If you have any questions please let me know.

Sincerely,

Linda Lian
