Subject: Expiring permit - E-21-0542
Attachments: Submittal Item Waiver_Homewood OFFSITE.pdf

Hello,

As explained to Mr. Olson this permit will expire tomorrow and the project will need to be reapplied for under a new permit. This will reset the \$470 permit fee, but not the already paid \$200 record drawing fee. We will proceed with the latest comments and design, just under a new permit.

Please find attached a partially filled out Submittal Waiver Form. Complete this form and use it for EACH submittal item/box that is not required for this project (see attached form) in the permitting system under project uploads. We are going to require a SWPPP and ESC plan. They can be combined and then the same doc can be put in the submittal boxes for these 2 items.

We are also continuing cooperation with WSDOT on this project because of the interaction with their 512 off ramp and proposals may be reviewed by and commented on by WSDOT personnel. Let me know if there are questions.

Sincerely,

Jamie Carter, PE | Development Review
