INSPECTION REPORT

Date of Inspection: Jan 02, 2024

Inspection Result: **FAILED**

Permit Number: E-21-0313

Property Address: 1015 39TH AVE SE, PUYALLUP, WA 98374;

Contractor: DP EXCAVATION 11410 316th st e GRAHAM, WA 98338 (253) 720-7790
DP EXCAVATION 11410 316th st e GRAHAM, WA 98338 (253) 720-7790

To construct: PARKING LOT EXPANSION W. 675 STALLS,CFG~SHB-TC PARKING EXPANSION/BENAROYA

On this day we have inspected your construction for **Erosion And Sediment Inspection** and we find the following result of the inspection. If there are any questions, please contact the inspector below.

Comments: dP is exporting material. There is heavy track out along the top road for about 200'. The rain is pushing silty runoff beyond the fence into an area they can not access and clean. I have asked them to stay on the construction entrance up top, keep the roads clean and maintain the runoff on site.

The other on site run off is being contained in a swale running north and south along the middle of the parking lot. It drains to the north in another swale. They need to add check dams to slow the silt down.

All run off is going to the NW corner of the property in a pond.

Corrections:

- 1 - Add BMP's to protect inlets, MH's, & bio-swales. (ALL swales, rock check dams, CB's, MH's, And detention systems will need to be cleaned prior to moving forward AND acceptance!!!
 - Maintain CESCL inspections and SWPPP on site!!!
 - Zero track out. ZERO TRACK OUT!!! KEEP THE SPALLS TURNED AND CLEANED!!! Keep asphalt clean. Keep the trucks on the rock!

Sincerely,

City of Puyallup
