New Construction:	No
Construction Method	Trench
Building Foundation Type	
Septic System	No

PLAT Map: 249.073

The City does not intend on completing the restoration at 421 as indicated on the permit application. The permit holder shall be responsible for restoring the public right-of-way to City standards at all work locations.

All proposed franchise utilities shall be located within a recorded utility easement or in the public right-of-way as determined by the City of Puyallup. The City of Puyallup does not authorize or permit utility work on private property.

A 10" diameter core drill is allowed for potholing. For pothole windows larger than 10" in diameter or trenching completed in existing roadway, the contractor shall restore the pavement by installing the trench patch and then grinding/overlaying. All roadway restoration and street patches shall comply with City Standard Detail 01.01.20. Restoration limits and requirements shall be at the discretion of the City.
