Thanks so much for adjusting that. Pierce Transit approves of the bus stop location you've identified in the attached drawing. I do have some questions and comments regarding the bus stop pad and some features surrounding it, as shown below, in red text:

As discussed earlier today, Pierce Transit has requested the purchase of a bench, in addition to the construction of the shelter pad. Should the ridership warrant the placement of a shelter in the future, Pierce Transit will install one, at no cost to your project. As for the bench, please send a check for \$612.70 made out to Pierce Transit and send it to:

Pierce Transit
ATTN: Tina Vaslet
3701 96th St SW
Lakewood, WA 98499

Once I receive the check, I will send an email to you which will serve as your receipt. Pierce Transit will be responsible for the installation of the bench and bus stop once construction is complete and the site has been inspected and approved by Pierce Transit.

Please let me know if you need anything else.

Kind Regards,
Tina Vaslet
