On this day we have inspected your construction for **Job Start Inspection** and we find the following result of the inspection. If there are any questions, please contact the inspector below.

Comments: Note: Crew on 23rd between Meridian and 3rd had NO, ZERO, traffic control. This will NOT happen again! Discussed traffic control with on site superintendent and once the second crew arrived on site they would stop the first crew heading east on 23rd and redirect the traffic control to the first portion on 23rd.

Crew stopped work as soon as I arrived! Crew moved back east on 23rd (with traffic control) to work from 7th west towards Meridian.

Note: See all other permits between 3rd and 7th for added comments. 0509, 0508, & 0507?
