RE: Assembly(s) at 1201 39TH AVE SW IRRIG

SUBJECT: Scheduled Test Notice

According to our records, the backflow prevention assembly(s) listed below are due for testing. Next month Randy Horne of Aqua Backflow Testing, phone 253-737-3797 will be conducting the annual test. When test is complete, there will be an annual fee added to your Fruitland Water monthly or bi-monthly water bill. To review annual testing fees visit the company's website at [www.fruitlandwater.com](http://www.fruitlandwater.com). A copy of the completed test report can be sent to you upon request. If any repairs are needed, upon your approval, the parts and labor will be billed to you directly with Aqua Backflow.

This option was implemented for convenience to the membership and a cost savings measure, but is not mandatory.

Fruitland Water understands some members/customers may have prior arrangements or contacts with other testers. Please have them remit the test results by the time line above.

Thank you for working with us in the protection of the public water supply.

Sincerely,

Ben Ames  
Cross Connection Specialist
