Subject: Taco Time – Grease Interceptor and Storm certification
PRCCP20231136
AGC Job #2935

I, or someone under my direct supervision, have inspected the grease interceptor and storm drainage improvements for the project known as Taco Time and permitted under PRCCP20231136, and based on the standard of care and expertise which is usual and customary in this community for professional engineers, I find that the improvements for the project conform to the regulations and plans under which they were permitted.

Please call or e-mail if you have any questions or need additional information to process.

Sincerely,

Robert A. Trivitt, PE
Project Manager

Contech Activation Letter - StormFilter

HD Fowler

6/6/2025

Project #: 792978
Project Address: 1115 E Main Ave, Puyallup, WA 98372
Project Name: Taco Time
Project jurisdiction: Pierce

Hello,

This 2 page letter should be used as official notification to your local jurisdiction with regard to the activation of your StormFilter Systems.

The StormFilter unit(s) for this project were inspected and shown to be activated, referring to now being operational and online 6/6/2025.

The second page of this letter contains a list of the StormFilter unit(s) covered by this activation letter.

Please feel free to contact me if any additional information is needed.

Sincerely,

Tony Williams
Activation and Maintenance Coordinator
