Good afternoon Nabila,

Jennifer Keating is no longer working for the Puyallup Tribe. I reviewed this report a few months ago and was on-site during the field study. We concur with the recommendations in the report that this project should proceed with an Inadvertent Discovery Plan.

Regards,

Mike

Good afternoon,

I received a bounce back e-mail after e-mailing Jennifer and Brandon an archaeological survey we received that was requested as part of a civil permit. I wanted to forward this along in case it was not received.

Thank you,
Nabila Comstock (she/her)

Good morning Jennifer,

We received the archaeological survey yesterday for the Taco Time project (PLPSP20220120). As part of the notice of application for this project, you had requested an archaeological monitor be present during ground disturbance. I've attached the survey for your review. Please let me know if there are any concerns.

Thank you,
