A 10" diameter core drill is allowed for potholing. For pothole windows larger than 10" in diameter or trenching completed in existing roadway, the contractor shall restore the pavement by installing the trench patch and then grinding/overlaying. All roadway restoration and street patches shall comply with City Standard Detail 01.01.20. Restoration limits and requirements shall be at the discretion of the City.

Any public facilities, including utilities, curb, gutter, driveway approach, ramp, or sidewalk broken now or during the course of construction shall be removed and replaced per City Standards. Restoration limits and requirements shall be at the discretion of the City.
