Dear Puyallup Permit Center,

I hope this letter finds you well.

We have carefully reviewed your feedback regarding the incomplete application and remain committed to ensuring the project review proceeds smoothly.

I would like to bring to your attention that the current permit application form does not allow me to select only one sign type. When I attempt to check the box for "Monument," the boxes for "Pole Sign" and "Projecting" are also automatically selected and cannot be unselected.

To address this, I've reuploaded the same permit application with the additional selection of "Others: Monument Sign," hoping it will help clarify our intent and resolve the issue.

If there is an updated version of the application form that avoids this technical issue, I would greatly appreciate it if you could share that with us. Alternatively, please advise if we may proceed with the submitted application despite the form's limitations.

Thank you for your time and consideration. I look forward to your guidance.

Respectfully,

Pauline Ross
