RE: Grease Interceptor Conformance Letter
WSF International Village Redevelopment – Permit # PRCCP20241189

As civil engineer of record for the WSF International Village Redevelopment, JMJ Team has performed periodic site observations of the work. To the best of our knowledge, the construction has been completed in conformance with the civil permit documents and meets City of Puyallup development standards.

This includes the installation of the grease interceptor in compliance with the sewer site plan.

Please feel free to contact me at (206) 596-2020 if you have any questions.

Sincerely,
JMJ TEAM

A handwritten signature in black ink, appearing to read 'Justin Jones', is placed over a light gray rectangular background.
