

A 10" diameter core drill is allowed for potholing. For pothole windows larger than 10" in diameter or trenching completed in existing roadway, the contractor shall restore the pavement by installing the trench patch and then grinding/overlaying. All roadway restoration and street patches shall comply with City Standard Detail 01.01.20.

Under right-of-way permit PRROW20241104, the Puyallup School District has temporarily closed the portion of 7TH ST SW between 3RD AVE NW and W MAIN. The applicant may need to coordinate access to utility pole P10 with the School District in advance. The road closure and the School's right-of-way permit do not negate any permit conditions, standards, or traffic control plans for franchise permit PRFUP20251237.
