Total Value of Work:				\$0.00

Standard Conditions:

1. * Final approval by the Building Official is required prior to use or occupancy.* Work shall not proceed until the inspector has approved the stages of construction.* Surface storm water shall be diverted from the building site and shall not drain onto adjacent properties.* I hereby acknowledge that I have read this Permit/Application, that the information given is correct; that I am the owner or the duly authorized agent of the owner; that plans submitted herewith are in compliance with all applicable city, county and state laws and that all construction will proceed in accordance with said laws. This permit shall expire if work is not commenced with 180 days or if the work is suspended for a period of 180 days. Permits expire two years from issuance. * By leaving the contractor information section blank, I hereby certify further that contractors (general or subcontractors) will not be hired to perform any work in association with this permit. I also certify that if I do choose to hire a contractor (general or subcontractor) I will only hire those contractors that are licensed by the State of Washington. If you are a property owner, contractor or permittee and you are paying for someone to perform the work, they must have a valid contractor registration and the person(s) installing plumbing inside a structure must meet the plumbing certification requirements. If you have any questions regarding these regulations, you may contact the Washington State Department of Labor and Industries or you can find more information on-line at: <http://www.lni.wa.gov/TradesLicensing/Contractors/HireCon/default.asp>

2. ** SEDIMENT CONTROL AND EROSION PROCEDURES SHALL BE PRACTICED TO ELIMINATE AND PREVENT OFF SITE DAMAGE.

STORMWATER RUNOFF ORIGINATING UPSTREAM OF EXPOSED AREAS SHALL BE CONTROLLED TO REDUCE EROSION AND SEDIMENT LOSS DURING THE PERIOD OF EXPOSURE.

** Refer to the City standard details 02.03.02 & 05.02.01 for typical erosion and sedimentation control methods.

** Prior to starting site work, request an erosion and sediment inspection through the CityView portal.

* I agree to call the Utility Notification Center at 1-800-424-5555 (811) before beginning any excavation. Call before you dig, it's the law.

* The applicant is responsible to decommission the existing septic system per P.C.H.D. requirements. A decommissioning certificate is required to be filed with P.C.H.D. and a copy submitted to the City of Puyallup.

* The applicant is responsible to decommission the existing private well per P.C.H.D. requirements. A decommissioning certificate is required to be filed with P.C.H.D. and a copy submitted to the City of Puyallup.

* If the existing private well is to be retained it will be necessary to install a RPBA on the domestic water service connection to the City's system.

* This property lies within a regulated Flood Zone. Both residential and non-residential must meet the following requirements in accordance with PMC 21.07:

(For AE Zone): New construction and substantial improvement of any structure will require that the lowest floor, including the basement, shall be elevated to a minimum of one foot or more above the base flood elevation. Please note additional freeboard increases safety and can reduce insurance premiums.

No fill shall be placed unless specifically shown on the approved site plan. After site plan approval, any additional fill shall be submitted on a revised site plan to the city and shall propose mitigation in accordance with PMC 21.07.060(1)(f)

Steps shall be taken to prevent drainage onto adjacent lots.

I hereby acknowledge that I have read and understand the contents of this permit and I hereby state that the information I have supplied is true and correct.

Indemnification / Hold Harmless

The Permittee shall defend, indemnify and hold the Public Entity, its officers, officials, employees and volunteers harmless from any and all claims, injuries, damages, losses or suits including attorney fees, arising out of or in connection with activities or operations performed by the Permittee or on the Permittee's behalf out of issuance of this Permit, except for injuries and damages caused by the sole negligence of the Public Entity.

However, should a court of competent jurisdiction determine that RCW 4.24.115 applies to this Permit, then the Permittee agrees to defend, indemnify and hold the Public Entity, its officers, officials, employees and volunteers harmless to the maximum extent permitted thereunder. It is further specifically and expressly understood that the indemnification provided herein constitutes the Permittee's waiver of immunity under Industrial Insurance, Title 51 RCW, solely for the purposes of this indemnification. This waiver has been mutually negotiated by the parties. The provisions of this section shall survive the expiration or termination of this Agreement.

Permit is valid 180 days from date of issuance. Permit validity is subject to all adhering to all applicable codes, ordinances and standards, and conditions of this permit.

I certify that I am the owner of this property or the owner's authorized agent, including an appropriately licensed contractor. I have read and examined this application and furnished true and correct information. I will comply with all provisions of law and ordinances governing this type of construction work, whether specific herein or not. By submitting this application, I give the jurisdiction permission to enter the property to perform inspections. The granting of this permit does not presume or give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction. I understand that failure to comply with the above may result in revocation of the permit.
