INSPECTION REPORT

Date of Inspection: Jan 10, 2022

Inspection Result: **PARTIAL PASS**

Permit Number: E-21-0426

Property Address: 2902 E PIONEER ;

Contractor: MCKEE ENTERPRISES, LLC PO BOX 5 ENUMCLAW, WA 98022

To construct: SEWER, CF &G ~ EAST TOWN CROSSING

On this day we have inspected your construction for **Engineering Daily Inspection** and we find the following result of the inspection. If there are any questions, please contact the inspector below.

Comments: McKee and DGS began installing the dewatering well points. They are using a hydrant on Abshers property. McKee dug up the storm stub north of the sewer stub to be used for dewatering. I emailed Phil Becker to see if they were the CESCL for this project. They will. I asked them to take a look at the silt fence and construction entrance before I remark to the contractor. I notified McKee about DGS wanting to leave on Shaw with muddy tires. They showed up to open the gate for Pioneer. There is a construction road off Pioneer.

Corrections:

Sincerely,
