1. The Submitted plans need to have the Department of Health approval prior our approval.
MMFS Response:
Agree.MMFS will include DOH approval package.
2. The submitted structural calculations packet page 2 – 15 are somewhat very faint and hard to decipher all information on those pages and need to be amended and then resubmit a totally new packet.
MMFS Response:
Please see attached file for new structural calculations package.
3. What inside area of the hospital is this new unit actually serving.
MMFS Response:
This new unit serves patient rooms below.
