Permit Application # PRFUP20220125

The City has completed the review of the above-mentioned permit submittal. Below please find the permit submittal review comments from your review team. Should you have any questions regarding the review comments, please contact the plan reviewer associated with the comment listed below.

Engineering Review (Reviewed By: Linda Lian, (253)841-5577, LindaL@PuyallupWA.gov)

- ◆ It is the city's opinion that a further effort on your part is required to place your utility under the sidewalk. This may require that you remove sidewalk panels and/or pothole them. This can be accomplished only by obtaining a permit first. Sheet Number: 1 of 18
- ◆ Can vault be placed at back of sidewalk? Is there a utility easement that Zayo Group can participate in? Sheet 12 of 18
- ◆ Relocate vault, shift it near the northerly edge of ROW. Sheet 16 of 18
- ◆ Each and every submittal must match the one prior too. While the number of pages did not change, the order of the pages did change. You will note that all stamps and comments no longer line up as they should. For example a comment made on the last review may have been about a certain vault. The comment's arrow leader pointed to that vault. In the most current submittal that comment about the vault now points to something else because the page has changed. Another example, the permit number was stamped on each of the 18 pages. They were placed in such a way to not interfere with the drawing. Now several of the permit numbers are located over an object because the page has changed. Linda Lian 253-841-5577
