

REVISION PR#1

Walmart
Puyallup, WA
WD Partners Job Number: WALGP0402

Date: January 25, 2022
To: Walmart Stores Inc
2001 SE 10th Street
Bentonville, AR 72716 USA
Attn : Kristen Dinger

The following information amends and supplements the original construction drawings and specifications and shall become part of the construction documents. All changes are identified on the drawings as Plan Revision, PR#1, with delta 1 symbol.

1. AHJ Comments

- 1.01 Comment: It isn't clear if the building expansion includes new exterior lighting. A photometric plan with fixture cut sheets is needed if exterior lighting is proposed. Outdoor lighting standards are provided in PMC 20.31.040(3) and PMC 20.52.015.

Response: Please refer to enclose photometric plan

- 1.02 Comment: Per PMC 20.52.002, all new commercial expansions / exterior remodeling is subject to MX-DRO Design Standards. Per PMC 20.52.003, the project will not need Design Review Board (DRB) review and approval and can be reviewed administratively with your building permit. Please complete the MX-DRO Design Review Checklist (attached) and review MX-DRO Design Standards. You might want to review Transparency, Blank Wall, and Building Material sections of the design standards. Please note, that the City is aiming to have the proposed expansion meet design standards as long as it fits with the existing building. If you believe a standard shouldn't apply to the expansion, please detail how the standard would not match the existing building treatment.

Response: Please refer to enclose MX-DRO Design Review Application

- 1.03 Comment: Per PMC 20.58.010, an approved landscape plan is required. The areas disturbed will need to meet current landscaping standards provided in PMC Chapter 20.58 Landscaping Requirements and Vegetation Management Standards (VMS) Manual. The planning division will review the landscape plans as part of the required civil permit. Please note though that the Type IV Parking Lot Standards may require significant revisions to the proposed parking layout. We have provided some of the landscape standards that you need to review.

Response: Please refer to enclosed L1.0, L1.1 & IR1.0 sheets

2. Clarifications and AHJ Comments Response Coordination

- 2.01 C1: Drawing Index: Added sheets E1.2, CS1A, CS4, CS5, CS6, L1.0, L1.1 & IR1.0
