

Good Samaritan Hospital - Vacuum Pump Replacement TRAFFIC CONTROL PLAN

City of Puyallup Development & Permitting Services ISSUED PERMIT	
Building	Planning
Engineering	Public Works
Fire	Traffic

Good Samaritan Hospital
401 15th Ave SE
Puyallup, WA 98372

PRROW20220314

Work will be happening between the hours of 7am and 4pm. Actual usage of space is less than 4 hours.

The forklift will only be on the roadway to load the new pump onto the raised walkway and to remove existing pump from the raised walkway. Once the pumps are loaded in both situations, the forklift will move to the staging area across the roadway. Flaggers will be used continuously while truck is in loading location and while forklift is on roadway. Truck loading location will be coned off during entire usage of road.
