Luxury Restroom Trailers by Privy Chambers recommends the Puyallup, Washington Lowe's #2734 location acquire:

- Three Stall Downtown Restroom Trailer at store front
- A second Three Stall Downtown Restroom Trailer with one stall being ADA/Wheelchair Compliant at store front
- Standard Plastic Porta Potty in Garden Center (and accessible to staff after hours without leaving the store)
- 2 Station Hand Sink in the Garden Center (and accessible to staff after hours without leaving the store)

This will provide a total of 6 individual restroom trailer stalls between the two trailers and an additional single plastic unit with hand sanitizer and handwashing for after hours staff use for the Reeve-Knight Construction lead renovation project.

All stalls have their own private locking entrance, toilet, sink, and vanity. Because of this design, all rooms have the potential to be gender neutral, men, or women's rooms with easily changed gender plates on the exterior to suit the needs of the project. Two of the six stalls also have a urinal in them in addition to the rest of the fixtures so those rooms are typically labeled as men's room.

These restrooms will be on a five times a week tank service schedule (Monday, Wednesday, Friday, Saturday, Sunday) to ensure adequate capacity needs for this location based on the projected store traffic and the success other Lowe's location renovations throughout Oregon and Washington with this same equipment and service schedule for store staff and patrons. With the above listed equipment provided, the equipment has about 2,250 uses available between tank servicing.

Luxury Restroom Trailers by Privy Chambers specializes in large scale renovations and restroom replacement needs of big box stores and high traffic locations. Privy Chambers also has a quick response program for urgent and/or unscheduled servicing needs in case of any interruptions or unexpected increased traffic requiring additional service needs.
