Re: Permit Application PRCA20220580 Revision 02

This Revision Submittal 02 includes Mechanical Design adjustments directed by the building inspector and subsequent architectural adjustments to accommodate the change. Middlebrook Engineering, llc revised the mechanical documents to re-locate the DOAS system in order to provide better maintenance accessibility (CCS Office-Rev02-Drawing_Mech.pdf).

In addition, there are few design changes clouded on the architectural drawing (CCS Office-Rev02-Drawing_Arch.pdf).
