Notice of Incomplete Permit Submittal

RE: Application Number PRCTI20250675

Dear Devin Snyder,

A permit application has been received by this office on May 20, 2025. The following required items are outstanding:

- **APPLICATION FORM** - Please ensure that all mechanical and plumbing work is included in the project's scope. Make sure the entire form is completed, signed, and dated. The form can be located [here](#). This form is required for the permit to move to plan review. The application you provided previously is incorrect, you attached a plumbing permit application, and I need a building permit application to include the plumbing. Please click on the link above to access the correct application. Should you have questions on this you can call the permit center at 253.864.4165 and we will be happy to assist you so that we can get this permit in route for plan review. I can also send you the correct application via email is that is better for you.

The above information must be received by our office to deem this application complete. If the required information is not received within 90 days, your application will be canceled.

Should you require further information, please do not hesitate to contact the Permit Center.

Sincerely,

City of Puyallup Permit Center
