RE: INSPECTION PUNCHLIST FOR PERMIT PRCCP20240215

To Whom It May Concern:

City of Puyallup's Development Engineering has completed, at your request, a final inspection of the above referenced permit number.

The following is a list of outstanding items that must be completed prior to Engineering's final acceptance of the work. Please note that this list has been broken into two sections:

Section A are considered life/safety items that must be completed for the utilities to operate and be maintained as intended. **Therefore, Section A must be completed and accepted before Development Engineering can consider the project adequately complete and to allow issuance of an Occupancy Permit.**

However, the items listed under Section B must be guaranteed to be completed within 90 days from the date of this letter.
