Per PMC 20.60.075(1), Nonconforming signs:
(1) In the event a nonconforming sign is removed, replaced, or structurally altered, pursuant to installation of a new sign, all applicable sections of the Puyallup sign ordinance shall apply to the new proposal. The alteration or enlargement of existing signs shall not increase the degree of nonconformity, in terms of number, size, height, setback or any other applicable regulation.

Per approval by the DPS Director, the proposal to reduce the square footage of the monument sign from 21 sq. ft. to 20.5 sq. ft. will not increase its degree in nonconformity.

No obstruction to the public right-of-way permitted. All work shall take place on private property. No ground disturbance permitted since the existing base is to be reused for proposed sign.
