Ryan,

The proposed revision to the attached executed franchise is approved. Based on our discussion yesterday, please reach out to me to schedule an onsite precon once you're ready.

Thank you.

Good morning, Jason,

Please find attached an updated WSDOT design for Comcast JB0002054752 / Puyallup Permit # PRFUP20250685. The following revisions have been made to the design:

- The proposed vault location adjacent to 3710 S Meridian, Puyallup, WA 98373 is proposed in soft surface, out of the sidewalk, as requested. The proposed, revised location is 1' offset from the back of walk and 4' south of the adjacent power transformer.
- Comcast has an approved right-of-entry form for the revised vault placement on private property / Chase Bank. The revised vault location is in the jurisdiction of City of Puyallup non limited access average restriction.
- The mile marker noted in our previous meeting has been called out within the Puyallup and WSDOT design in the site plan and site photos (SR-161 25.37) where the jurisdiction shifts from the City of Puyallup non limited access average restriction to WSDOT limited access partially controlled.

MasTec acknowledges and accepts WSDOT's/Puyallup's precon request for this job once permits are in approved status. Please do not hesitate to reach out if anything additional may be needed.
