## INSPECTION REPORT

**Date of Inspection:** Mar 26, 2026                      **Inspection Result:**     **PARTIAL PASS**

**Permit Number:** PRCCP20251419

**Property Address:** 320 TODD RD NE, PUYALLUP, WA 98372; 302 TODD RD NE, PUYALLUP, WA 98372; 212 TODD RD NE, PUYALLUP, WA 98372;

**Contractor:** Advanced Underground Utilities, Inc. PO Box 309 Sumner, WA 98390  
(253) 988-2449

**To construct:** The Todd Rd Sewer Extension project proposes a private sewer main extension from the existing City of Puyallup Sewer stub located on 212 Todd Rd NE. Existing residential buildings will be disconnected from the existing septic systems and reconnected to new side sewers along the new private main.

On this day we have inspected your construction for **Engineering Daily Inspection** and we find the following result of the inspection. If there are any questions, please contact the inspector below.

**Comments:** 302 TODD RD NE (parcel #0420222028)

320 TODD RD NE (parcel #0420222005)

Both septic systems were pumped and holes punched in the bottoms. Both septic tanks will be mostly removed due to the tie in location for the new side sewer.

**Corrections:**

- 1 I will need an emailed (confirmation) transaction for both parcels pumped today ("received") between the pump contractor and TPCHD.

Sincerely,

City of Puyallup
