PREVIEW FOR AD NUMBER IPL01157540**NOTICE OF COMPLETE LAND USE APPLICATION(S)**

The City of Puyallup Development Center hereby announces that the following complete land use

application(s) have been submitted for processing.
Planning Case No. PLSSP20230010:

Applicant: Kelton Parker

Location: 2002 7TH AVE SW, PUYALLUP, WA 98371;

Zoning: PF

Request: Clarks Creek Elodea Removal project. This application is to continue the annual removal of Elodea from Clarks Creek in accordance with the Clarks Creek Sediment and Dissolved Oxygen TMDL Water Quality Improvement plan using Diver Assisted Suction Harvesting (DASH) methods. This effort is a joint effort coordinated with Pierce County per a 5-Year interagency agreement. The City of Puyallup will be assuming lead agency status for the SEPA review. All permitting for activities taking place within Pierce County are concurrently being permitted through their appropriate offices. The continued Elodea removal is expected to begin in 2024, following water turbidity monitoring in Clarks Creek and consultation with the Puyallup Tribe of Indians to re-evaluate Elodea control alternatives. Comment Due Date: Written comments will be accepted if filed with the Development and Permitting Services Department on or before 3:00PM on April 10, 2023.

SEPA status: The City may issue a Determination of Non-Significance (DNS) or Mitigated Determination of Non-Significance (MDNS) for this proposal under the optional DNS SEPA process, provided in WAC 197-11-355. This may be your only opportunity to comment on the environmental impacts of the proposed project. The proposal may include mitigation measures under applicable codes, and the project review process may incorporate or require mitigation measures regardless of whether an EIS is prepared. A copy of the subsequent threshold determination for the proposal may be obtained upon request. Consistent with WAC 197-11-545 regarding consulted agencies, other agencies and the public, comments must be received on this notice to retain future rights to appeal the subject Determination. The City anticipates issuing an addendum to the 2007 SEPA DNS for this project.

Environmental**mitigation measures**

under consideration: None identified as of the date of this notice
