1.		State-owned intersections requiring study shall include, at minimum, Meridian/EB 512 ramps, and Meridian/WB 512 ramps.		
2.		Due to the high trip generation associated with the project, both AM and PM peak periods will require study, as well as weekends.		
3.		If this project is slated to be completed in stages, the selected years of analysis needs to account for this.		
4.				
5.				
6.				
7.				
8.				
9.				
10.
