Nabila Comstock, Associate Planner
City of Puyallup
Development Services Department
333 South Meridian
Puyallup, WA 98371

Dear Nabila Comstock:

Thank you for the opportunity to comment on the optional determination of non-significance/notice of application for the 9th Ave SW Fair Boulevard Project (Between S. Meridian & 5th St SW) Project (PLSSP20240068) located at 1000 South Meridian as proposed by Ryan Rutkosky. The Department of Ecology (Ecology) reviewed the environmental checklist and has the following comment(s):

SOLID WASTE MANAGEMENT: Derek Rockett (360) 995-3176

All grading and filling of land must utilize only clean fill. All other materials may be considered solid waste and permit approval may be required from your local jurisdictional health department prior to filling. All removed debris resulting from this project must be disposed of at an approved site. Contact the local jurisdictional health department or Department of Ecology for proper management of these materials.

TOXICS CLEANUP: Diana Ison (360) 999-9593

This property is within a quarter mile of a known or suspected contaminated site. The site is Puyallup Chevron & Food Court, Facility Site Identification (FSID) # 62439981. To search and access information concerning these sites see <http://www.ecy.wa.gov/fs/> and <https://fortress.wa.gov/ecy/gsp/SiteSearchPage.aspx>. If contamination is suspected, discovered, or occurs during construction of the street reconstruction project, testing of the potentially contaminated media must be conducted. If contamination of soil or groundwater is readily apparent, or is revealed by sampling, the Department of Ecology must be notified. To notify Ecology, contact the Environmental Report Tracking System Coordinator at the Southwest Regional Office at (360) 407-6300. For assistance and information about subsequent cleanup and to identify the type of testing that will be required, contact Diana Ison with the Toxics Cleanup Program at the Southwest Regional Office at (360) 999-9593.
