Re: Archaeology - Concur with Survey; Follow Inadvertent Discovery Plan

Dear Rachael Brown:

Thank you for contacting the State Historic Preservation Officer (SHPO) and the Department of Archaeology and Historic Preservation (DAHP) with documentation regarding the above referenced project. In response, we concur with the results and recommendations made in the survey report entitled ". Specifically, an isolated precontact period artifact was found on the property and recorded as 45PI01647, but no other artifacts were found. The isolated artifact has been determined NOT Eligible for the National Register of Historic Places and therefore NO DAHP Permit is required. We agree with the recommendation by Antiquity Consulting that the isolated artifact be offered to the Puyallup Tribe. We also recommend that a standard Inadvertent Discovery Plan is followed during all ground disturbing activities.

Please note that the recommendations provided in this letter reflect only the opinions of DAHP. Any interested Tribes may have different recommendations. We appreciate receiving copies of any correspondence or comments from Tribes or other parties concerning cultural resource issues that you receive.

These comments are based on the information available at the time of this review and on behalf of the SHPO pursuant to Washington State law. Please note that should the project scope of work and/or location change significantly, please contact DAHP for further review.

Thank you for the opportunity to review and comment. Please ensure that the DAHP Project Number (a.k.a. Project Tracking Code) is attached to any future communications about this project. Should you have any questions, please feel free to contact me.

Sincerely,

Stephanie Jolivette
Local Governments Archaeologist
