The Nisqually Indian Tribe's Tribal Historic Preservation Officer (THPO) has carefully reviewed the project documentation you provided for the above-referenced project. At this time, we do not have any specific comments or concerns.

However, we do request that you keep us informed immediately should any inadvertent discoveries of archaeological resources or human remains occur during the course of the project. The preservation and respect of these cultural artifacts is of utmost importance to our tribe.

Although we do not have any specific concerns, we acknowledge the traditional cultural knowledge of all affected tribes. We respect and support their opinions regarding this project and appreciate your consideration of their perspectives.

Please feel free to contact us if you require any additional information or wish to discuss this further.
