Re: Archaeology - Concur with Survey Results; IDP recommended

Dear Rachael Brown:

Thank you for contacting the State Historic Preservation Officer (SHPO) and the Department of Archaeology and Historic Preservation (DAHP) with documentation regarding the above referenced project. In response, we concur with the results provided in the survey report. We concur that the Historic-period site 45PI01681 and the precontact isolate 45PI01680 are not eligible for listing in the NRHP. If the isolate (5PI01680) is going to be disturbed, we recommend that it be reburied on-site at a location that will not be disturbed. We also recommend that an Inadvertent Discovery Plan (IDP) be on-site and followed should cultural resources or human remains be encountered.

These comments are based on the information available at the time of this review. Should the project scope of work and/or location change significantly, please contact DAHP for further review.

Thank you for the opportunity to review and comment on this project. Should you have any questions, please feel free to contact me.

Sincerely,

Tamela Smart, M.A.
Local Government Archaeologist
