CITY OF PUYALLUP REQUEST FOR QUALIFICATIONS INFORMATION PACKET CIP #25-015 - Valley Ave NW Overlay Phase 3 Submittal Due Date: November 25, 2025 at 2:00pm PST

INTRODUCTION:

The City of Puyallup ("City") is requesting Statements of Qualifications (SOQ) to provide consulting, design, and engineering services for the Valley Ave NW Overlay Phase 3 Project. All services are to be performed or supervised by persons appropriately licensed or registered under state laws governing the practice of engineering and surveying. Consultant should also have a minimum of 5 years of design experience. Consultants must be experienced in the preparation of construction drawings, bid specifications, construction cost estimates, and developing preliminary right of way acquisition plans (if needed) for federally funded public works projects utilizing WSDOT Standard Specifications as well as familiarization with WSDOT LAG Manual and FHWA requirements.

Interested firms must submit one (1) electronic copy (PDF) of their Statements of Qualifications in an email titled "Consultant Name - Valley Ave NW Overlay Phase 3 Project SOQ." Consultants are encouraged to submit concise and clear responses to the Request for Qualifications. Responses of excessive length or complexity are discouraged. Statements of Qualifications should be limited to ten (10) 8 1/2" x 11" single-sided pages, including cover letter and resumes, with font size no smaller than 10-point Times New Roman. Please include a statement to the effect that the consultant's project lead and key members, as well as sub-consultants, will not be replaced without prior approval of the City.

The selected consultant shall anticipate entering into a standard City of Puyallup Professional Services Contract. Financing of the project has been provided and payment to the Consultant by regular monthly payments for time and materials furnished will be by City check. The city reserves the right to award other applicable phases of the project to the selected consultant.

BACKGROUND:

The City of Puyallup tracks its pavement conditions and at the time of this Federal Grant application process (for construction), the Overall Condition Index (OCI), for Valley Ave NW, was 71.77. The City is proposing a grind and overlay of this pavement section of Valley Ave NW, between the main entrance of the Valley Ave Business Park and to the approach to the overpass, just west of 27th Ave Ct NW. This would extend the pavement life beyond the current 3-year useful life projection. Any sidewalks and curb ramps deemed to be ADA deficient during design will be improved as part of the project. Determination of ROW and easements shall also be included in the project.

The consultant tasks are expected to include: preliminary survey, geotechnical investigations, NEPA environmental planning and permitting, cultural resources review and permitting, preparation of preliminary and final engineering plans and specifications including bid documents, construction cost estimates, preliminary ROW plan preparation and estimating, utility accommodation and planning, stormwater mitigation design meeting 2019 Dept of Ecology Stormwater Management Manual for Western Washington, and other related project tasks.

The Preliminary Engineering (PE) phase is anticipated to begin January 2026 and is desired to be completed no later than December 2026.

No federal funding is involved in the design phase; however, the construction phase is partially federally funded, so the project must follow the WSDOT LAG Manual.

The Consultant will be held to the ADA and Civil Rights language of the City of Puyallup. All work shall comply with current City Standards, as well as State and Federal Regulations. Current City Standards are available for review on the City of Puyallup website at: <http://www.cityofpuyallup.org/464/Public-Works-Engineering-Construction-St> ANTICIPATED SELECTION SCHEDULE: The anticipated schedule for consultant selection, contract execution, and work is shown below:
