PRE-APPLICATION SUBMITTAL REQUIREMENTS

With little lead time prior to these meetings, information provided by City staff is not guaranteed to thoroughly address all issues that may arise concerning a proposal. Applicants are encouraged to bring all necessary representatives to the meeting, particularly those individuals who will actually work on the project during its design/approval phase.

The first pre-application meeting is at no charge to the applicant; however, any subsequent meetings, reviewing the same project, will be billed at a rate of \$40.00 per hour (minimum one hour) for each staff member in attendance.

You are not required to submit engineered or construction plans at this time. You are required to submit however, the following information:

1. A vicinity map showing the property boundaries in relation to the closest streets and major streets in the area.
2. Locations, sizes, and uses for the existing and proposed structures. Indicate gross floor area of each structure and type of construction.
3. Proposed parking layout, including new and existing access points to streets and drive aisles. (if applicable)
4. Existing and proposed utilities/easements on site, including hydrant locations, waterlines, sewer and storm lines, street lights, and any wells and/or septic tanks and drain field areas.
5. Landscaping existing and proposed. (if applicable)
6. Proposed location, size and type of solid waste and recycling containers. (if applicable)
7. Location of proposed/existing stormwater retention/detention facilities and type of facilities. (if applicable)
8. Eight (8) sets of plans. These plans can be conceptual and do not need to be construction quality drawings. However, the more information you provide, the more complete our assessment of your application will be. Your plans should be legible and to scale.

Please deliver Eight (8) copies of the application and summary forms and Eight (8) copies of a preliminary site plan to the Development Services Center located at 333 S. Meridian – Puyallup, WA 98371.

PURPOSE:

Pre-Application meetings are a valuable tool to help process your application, particularly if:

- You are unfamiliar with City standards or the permits you will need;
- Your proposal is complex or involves multiple approvals;
- You anticipate requesting a deviation and/or a variance from City standards or City Code requirements; or
- Your proposal requires an environmental checklist application (SEPA) and/or a public hearing.

The meetings will familiarize you with the various elements of the City's permitting process. This includes:

- Meeting the staff coordinating the review of your application upon formal submittal;
- Introducing you to the regulations and plan submittal requirements specific to your proposal;
- Providing you an early opportunity to identify potential major issues; and
- Discussing the plan review process to expedite permit processing and approvals.

Based upon the information provided in your application the City will bring together appropriate representatives from Building, Engineering, and Planning who will be involved with the review of your application. The City will strive to make the meeting informative and efficient to make more effective use of your time and resources.

PROCEDURE:

To schedule a pre-application meeting, you will need to submit the requested materials a minimum ten (10) business days prior to the meeting. You will be notified within two (2) business days of your submittal, of the time and date of your meeting.

For the City to be as responsive as possible to your proposal, the pre-application packet must include the following:

- The fully completed meeting request form
- A vicinity map
- Eight (8) sets of plans for project action. These plans can be conceptual and do not need to be construction quality drawings. The more information you provide, the more complete the city assessment of your application. Your plans should be legible and to scale.

THE MEETING:

At the pre-application meeting, you will be asked to briefly summarize your proposal. City staff will then follow-up with questions and identify major issues and applicable requirements. Your design team (i.e., architects, engineers, etc.) are welcome to attend and participate. At pre-application meetings, the City will provide you with requested copies of applicable City codes and regulations, informational handouts, maps and any required land use or environmental application form(s).

At the typical meeting you can expect to meet:

- A representative of the City's Building Division
- A representative of the City's Building Division who represents Fire issues
- A Planner, representing the Planning Division
- A Development Engineer, representing the Engineering Division
- A Traffic Engineer representing the Engineering Division
- A Permit Technician representing the Development Services Support Division

LIMITATIONS:

Pre-application meetings are intended to assist the applicant with preparing plans for submittal to the City.

This meeting is not a substitute or a formal review or an acceptance of project plans.
