RE: Zoning Verification Request PLZV20210005

Thank you for applying for a zoning verification letter for the property listed above. Staff has reviewed information available from public records for the subject site. As received on your zoning verification application form, the following selected items include the information you requested:

<input type="checkbox"/>	Certificate(s) of Occupancy:	Information not requested
<input checked="" type="checkbox"/>	Current zoning:	Central Business District Core (CBD-CORE)
<input checked="" type="checkbox"/>	Current land use designation:	Pedestrian Oriented Commercial (POC)
<input checked="" type="checkbox"/>	Is the current use of the property in compliance with the existing zoning?	Yes, professional offices and services are permitted in the CBD-Core zone. The CBD zone is intended to provide for commercial services in a fashion that preserves and enhances the pedestrian scale and historic character of development in Puyallup's downtown area and commuter rail station center areas. Both the CBD and the CBD-Core zones are also intended for residential development, with either mixed or single use development anticipated in the CBD zone, and mixed use residential in the CBD-Core zone. While the two zones are similar in intent, the CBD-Core zone is intended to develop at a more intense level of development than the surrounding CBD zone. Small, independent shops and offices are typical to this district.
