---

Good Morning Phil,

City of Puyallup has assigned me the P-21-0103 BLA and P-21-0102 preliminary site plan applications for review.

The correct code citation for comment 1.a is PMC 19.02.100(2). Staff will not hold the project to 1:50 scale as long as the scale provided is reasonable and readable. The 1:30 scale provided in the comparison drawing would suffice. As you noted, Mylar Sheets are not done anymore but the code section hasn't been updated. We do not expect/want Mylar Sheets.

If you have any additional questions please feel free to reach out to me directly.

Thank you and have a great day,

Josh Kubitza, AICP

City of Puyallup Planning Consultant
