Hello John,

I took a look at the resources here and found a few things. It seems you already found that the Pierce County Assessor [dates the building at 1955](#). Unfortunately, I was able to find a few articles that I hope will help. The only info I could find that mentions the construction of the building was from April 1947 (attached). Other than that I cannot confirm the exact date it was built. You can contact and visit the Pierce County Auditor's building (2401 5th) to ask to view the Grantor-grantee index. These microfilmed documents are recordings of property transfers and may shed more light on the history of the building.

Presumably before it was built a large house occupied the property according to the Nov. 1945 article (also attached). The rest of the scans I included are at the bottom of the email.

Again I hope this helps. Let me know if you have any other questions.

Thank you for reaching out to the Tacoma Public Library,

Spencer Bowman

\$179,800 WORTH OF PROJECTS GET APPROVAL

Projects totaling \$179,800 and including a \$125,000 vocational school building were approved during a Tuesday evening meeting of the Pierce County Advisory Construction committee.

Announcement of the vocational building was made some time ago but approval by the advisory committee was a necessary preliminary to actual construction. At the same meeting, projects totaling \$3,000 were denied.

Other projects approved included the following: \$15,000, Tacoma County and Golf club, Rt. 1, South Tacoma, for alterations and repairs; \$11,000, Frank Novotney, 72nd and Portland avenue, grocery and meat market; \$8,000, Barthel Chemical construction, 2434 East
