

CRITICAL AREA IDENTIFICATION FORM

This identification form is to be submitted in advance or concurrently with a project application if the proposed project is subject to the requirements found in the City's critical area code PMC 21.06. The purpose of this form is to determine if a critical area report is required due to the development site being on or near any critical areas. Please fill out this form completely where applicable.

Briefly describe the proposed development project:

The proposed development includes 2 3 unit townhouse style dwelling units (6 Units) and the associated site improvements.

Based on the applicant's knowledge and research of the project site, please select any of the critical areas listed below that are located on or within 300 feet of the property boundaries		
<input type="checkbox"/> Wetlands	<input type="checkbox"/> Lakes/Ponds	<input type="checkbox"/> Streams/Creeks
<input type="checkbox"/> Slopes 0% - 15%	<input type="checkbox"/> Slopes 16% - 39%	<input type="checkbox"/> Slopes 40% or Greater
<input type="checkbox"/> Puyallup River Shoreline	<input type="checkbox"/> Clarks Creek Shoreline	<input type="checkbox"/> Volcanic Hazard Areas
<input type="checkbox"/> Shoreline Classification	<input type="checkbox"/> Wellhead Protection Area	<input type="checkbox"/> Habitat Conservation Area
<input type="checkbox"/> Conservancy	<input type="checkbox"/> Flood Zones	<input type="checkbox"/> Habitat Corridor
<input type="checkbox"/> Rural	Flood Classification:	<input checked="" type="checkbox"/> Aquifer Recharge Area
<input type="checkbox"/> Urban		

Please describe the critical areas checked above and their location in relation to the proposed development. Please show their location on any plans to be submitted

The critical aquifer recharge area encompasses the entire site and the surrounding areas.

Do you know of any present or past critical area studies that have been conducted for critical areas on-site or adjacent to the site? Please describe below; including their date, scope, conclusions, and parcels they included

No past or present critical aquifer recharge area reports have been completed to our knowledge. The proposed 6-unit townhome development will not cause degradation of the ground water quality and will not affect the recharging of the aquifer as the site will be designed in accordance with the City of Puyallup stormwater requirements as well as applicable local, state, and federal requirements.

Do you know if any critical areas have been placed inside a tract or a protection easement that is recorded on the title or plat for this site or any adjacent site? Please describe below, including name of tract or easement, location, and Puyallup permit number or recording number

No, the critical aquifer recharge area has not been placed in a tract or protection easement to our knowledge

AUTHORIZATION:

I, the undersigned hereby certify that this application has been made with the consent of the lawful property owner(s) and that all information submitted on or with this application is complete and correct. I understand that false statements, errors, and/or omissions may be sufficient cause for denial of any related applications. I acknowledge that if the City needs to obtain the services of an expert third party to review any technical information regarding my proposal, that I shall be responsible for any financial costs of said third party review.
