Good afternoon Sara,

My name is Nabila, I am a Planner with the City of Puyallup. Cascade Christian has an existing conditional use permit application in with the city. I appreciate you taking the time to reach out with your comments and concerns. We will be sure to consider these traffic concerns during our review of the conditional use permit as part of our review includes traffic concerns such as circulation and parking.

I have forwarded your concern to our traffic engineer, Bryan Roberts – broberts@puyallupwa.gov, as well so he may provide a response.

In the meantime, I can add you as a party of record for this application so that you will be made aware of when the public hearing is for this permit application and therefore can submit public comments that will be considered by our Hearing Examiner in his decision-making.

Would you be able to provide me with your:

- Address
- E-mail

- Phone Number

I have also included a link to our [Portal](#) that includes their application for you to view as well.

Thank you,
Nabila Comstock (she/her)

Hello,

The purpose of this email is to inquire regarding the increase in traffic on 21st Street due to Cascade Christian schools. I am a resident in the area, and have lived here for 15 years. The school has been there since we purchased our home, but only recently has the traffic exploded. It is incredibly frustrating and time consuming getting in and out of our neighborhood at school opening and closing times. Are there any future plans to help with this traffic that so heavily impacts the current residents in the area? Or is there a contact at Cascade that I need to speak with regarding this? As their school continues to grow, I have great concerns. Thank you.

Sara Wolff
