Brian, thank you for all your info, time and professionalism with me especially on the phone call we had. This is from my home computer which I use for most emails, typing, info etc. My phone 425 271 4670 is good for briefer messages and texts. I just found the postcard from "Puyallup 2044" as it was buried in election mail. The website of <https://bit.ly/Puyallup2044> seems to be extremely tricky and difficult if not impossible to use. It started with not liking my auto fill used on my name... then the 255 character limit area for input is pitiful, small, CAN NOT SEE WHAT YOU HAVE TYPED, JUST ONE LINE AND CAN NOT MOVE AHEAD OR BEHIND WHILE LOOKING AT WHOLE MESSAGE. SAYS THERE IS A 255 CHARACTER LIMIT BUT DOES NOT TELL YOU HOW MANY CHARACTORS YOU HAVE USED OR HOW MANY LEFT LIKE OTHER SITES THAT HONESTLY WANT INFO... I signed up for updates or some type of info area. I have called Cascade Christain School many times since the dangerous, illegal traffic and parking, horn blowing between vehicles in distress/anger, "hello I am here types honking at their kids", what seems to be a constant problem of students encouraging horn blowing including 5 or more often sitting on the trunks of cars in the Cascade Christian School parking lot and giving hand signs for all that drive past to honk.... This and many other calls I have made to I believe Steve Peterson and I have called close to 10 times and could call almost every day.... including Saturdays where I just recently walked out of my house as near constant honking from about 20 vehicles on a Saturday at about 10am that is CLEARLY HEARD IN MY HOUSE was filmed and as I stood on the sidewalk filming, I see one vehicle apparently broke down and perhaps at least 20 more trapped behind it. My wife who is a nurse that had worked all night and had another shift coming was awoken also. The traffic noise, honking, traffic backed up on 21 ST SE all the way to east pioneer intersection and backed up on East Pioneer waiting to turn is unsafe, dangerous, driveway blocking, NEEDLESS INTERSECTION BLOCKING ESPECIALLY AT 21ST SE and 9th AVE SE, access to get to PUYALLUP HOSPITAL, etc. is all clearly obvious. AND MORE... There also appears to be ZERO police presence when it is a unsafe area which is every day. Often I or my family is woken up at approx 7 AM from the long line of vehicles, noise, etc...Honestly it sounds like a convoy it is so noisy and that is the same for my neighbor Darlene living next door to the west of me. The speed bumps on 21 ST SE also add noise and even the shaking of my house, TV, mirrors 24/7. Seems like the prints for their construction I believe showed 4 inch high speed bumps and the one close to my house is much closer to 6 inches. When the large heavy work

truck that I believe comes from the Puyallup Hospital at approx. 3:40-3:50 AM almost every day it is EXTREAMLY NOISY AND HOUSE SHAKING EVERY TIME IT SLAMS INTO THE SPEED BUMPS AND BRAKE AND ACCELERATION NOISE. ...Just trying to honestly list a few of the unsafe conditions and problems.... thanks, Kelly
